2 GUARDSMEN ADMIT THEFT AT ARMORY

Louis Dagler And Meredith Horrell,
Members of Co. C., Confess Tak-
ing \$3,500 Worth of Supplies

TO BE TRIED IN U. S. COURT

Will be Removed to Federal Prison
Pending Arraignment Before Judge
A. B. Anderson in Indianapolis

QUESTIONED BY OFFICER

Major A. H. Whitcomb of U. S. War
Department, Said to Have Ob-
tained Confession Tuesday Night

Louis Dagler and Meredith Horrell,
two members of Company C, Rush-
ville's National Guard unit, have
confessed to the theft of \$3,500
worth of government supplies, and
are in jail pending their removal to
the federal prison, where they will
face trial before Judge A. B. Ander-
son, of the United States court.

The two young men, both residents
of this city, were arrested Monday
night, and placed in jail upon a mil-
itary warrant, and they were de-
tained in jail here until last night,
when they were questioned by Major
A. H. Whitcomb of Indianapolis, of-
ficer in the United States war de-
partment.

According to Capt. Will. B. Brann
of the local guard company, the two
members of the unit made a confes-
sion to the officers last night in jail,
and a check-up of supplies stolen
from the armory, reveals a shortage
of goods worth \$3,500.

The supplies have been missed from
time to time, according to Captain
Brann, and all efforts to apprehend
the guilty parties were futile. Several
traps were set to capture the per-
sons who made frequent visits to the
armory and took things piece by
piece.

In the list of articles stolen during
the past few months were overcoats,
blankets, shoes, guns, revolvers,
shirts, and supplies of all kinds sent
here as part of the equipment for the
guard company.

The two young men, following their
confession last night, also handed
the officers a list of persons to whom
they had sold their loot, including
guns and other items, and these per-
sons will be served with federal war-
rants, if necessary to recover the
goods.

Captain Brann stated today that
the list had been given to him, and
that persons who wanted to save any
embarrassment should return the
goods to him, and that unless they
are returned within a few days, the
necessary warrants for the govern-
ment property would be issued.

The two prisoners are still de-
tained here, and will be taken to
Indianapolis in a short time, and given
a hearing on the charge in the high-
er court. It is understood that the
federal charge carries a 10 to 21
year sentence, upon conviction.

REMONSTRANCE TO BE HEARD FRIDAY

State Board of Tax Commissioners
Will be Represented at Richland
Township Bond Hearing

OPPOSITION TO NEW SCHOOL

The state board of tax commis-
sioners will be represented Friday at
Richland, when the remonstrance is
heard on the bond issue to build a
new consolidated school in that town-
ship.

The hearing on the proposed issue
will begin at 10 o'clock in the morning
and it is understood that the project
to erect a new building will meet
with much opposition, as there are
many persons who do not believe the
township needs a consolidated school.
The township is the only one in Rush
county that is retaining their one and
two room buildings instead of the
consolidated system.

BUYS LOCAL BUSINESS ROOM

J. L. Cowing Purchases John Aber-
crombie Block in Main Street

J. L. Cowing has purchased the
John Abercrombie business room, oc-
cupied by the E. E. Polk hardware
store, it was announced today. The
consideration was not made public.

Mr. Cowing stated that he had not
purchased the room as a location for
the J. L. Cowing, Son & Co., cloth-
ing store, because Mr. Polk's lease
on the room does not expire for three
years. L. C. Lambert also has a lease
on the office rooms upstairs which
does not expire for three years.

It is known that the room has been
on the market for several years, but
Mr. Abercrombie never came to terms
with prospective purchasers. Mr. Aber-
crombie now lives at Miami, Florida.

MOTION TO QUASH ARGUED IN COURT

Second Count of First Degree Murder
Indictment Against Cecil Cloud
is Attacked

NO DECISION IS RETURNED

If Defense Wins in Effort to Have
Charge Thrown Out of Court,
State Has Other Plans

A motion to quash the second
count in the grand jury indictment
returned last Saturday against Cecil
Cloud, charged with first degree mur-
der, was presented in court this
morning, and argued by the attor-
neys, in an effort on the part of the
defense to be released from the
charge.

The motion to quash the second
count, which alleges that Cloud en-
tered the meat shop owned by Luther
C. Sharp, and with the intent and
purpose to rob and hold-up the own-
er, and with the purpose to kill if
necessary to obtain the money, says
that it does not set forth facts suf-
ficiently to justify the charge.

The attempt to quash the indict-
ment does not attack the first count,
which alleges first degree murder.
The second count sets forth the mo-
tive, which is attacked by the de-
fendant, and if the motive is thrown
out, the defense maintains that the
first count of the indictment would be
nullified.

The arguments on the question
were presented this morning to Judge
Sparks, with Prosecutor Ketchum
representing the state, and Albert C.
Stevens appearing for the defendant.

After the motion to quash had been
heard, no action was taken, as the
defense cited many cases of law in
other courts, which will be consid-
ered by the court before rendering a
decision. The defendant has not been
brought into court, and remains in a
cell in the jail.

If the court rules for the state in
the motion to quash, an early trial
will be arranged, it is understood. If
the court finds for the defendant,

MRS. MARGARET KELLY SUCCUMBS AT MILROY

Dies at Home of Her Daughter, Mrs.
Abe Lines, at the Age of Eighty-
Two Years

FUNERAL FRIDAY AT 2 P. M.

Mrs. Margaret Kelly, aged 82
years, died at one o'clock this morn-
ing at the home of her daughter,
Mrs. Abe Lines in Milroy. Mrs. Kelly
had been ill for several weeks suf-
fering with a complication of dis-
eases.

The survivors are two sons, Wil-
liam Kelly of Waldron, Worth Kelly
of Milroy; two daughters, Mrs. Abe
Lines at whose home she died, and
Mrs. Bert Lawson of near Milroy;
one brother, John W. Johnson, of
Casey, Ill.; seven grandchildren, two
great grand children.

The funeral services will be con-
ducted Friday afternoon at two o'-
clock at the Methodist church in
Milroy, the Rev. R. R. Cross, officiat-
ing. Burial will take place in the Mil-
roy cemetery.

BUSINESS IS PICKING UP

AN APPEAL FOR SCOUTING

The following appeal for Scouting
was issued today in connection with
the local observance of the Boy
Scout Anniversary Week:

The United States with its Stars
and Stripes is the inheritance of the
boys of today who become men of
tomorrow. They enjoy it today
and must protect it tomorrow but
they are not the same boys the men
of today were.

Many forces not here in your boy-
hood, are pulling him away from
American ideals. Home, church and
school are combatted by the war's
hangover of irreligion, Bolshevism,
social unrest and changing view-
points. His school mates, his gang
or crowd, his chum, they are just
immature boys like himself subject
to the same bewildering influences.
A million of them turn 21 years ev-
ery year.

What's the answer?
Help get your boy interested in
Scouting. Each year doubles in value
to him. Make sure that he is in-
terested at the earliest possible age
for his sake and for the sake of his
inheritance. Help form new troops.
Get into the movement personally.

Scout Notes

The First Annual Father and Son
Luncheon of the Rushville Division
of the Boy Scouts of America will
be given at the K. of P. Hall on
next Tuesday evening February 19th
at 7:30 p. m.

The invitations are being prepared
this week and will be mailed about
Thursday of this week. Each boy is
asked to remember to make his plat-
e reservations not later than Friday as
the Scout Officials must make a guar-
antee of how many men and boys will
be served.

Money for the banquet should be
turned in to the Scout masters not
later than the regular weekly meet-
ings this week. If these few things
are remembered there will be no
trouble in making this luncheon the
biggest event of the week.

The Second Sunday services for
the Boy Scout Fourteenth Anniver-
sary Week will be held next Sunday
morning at the Main Street Christian
Church. The Rev. L. E. Brown will
address the boys. He asks today that
they meet in the basement of the
church next Sunday morning just as
soon after Sunday School as possible.
Boys going from other Sunday
Schools should leave their church
right after class if possible rather
than going back to the main auditor-
ium for the final services connected
with the Sunday school.

Every real man is a lover of real
he boys and can find a place some
where in his weekly routine for
Scouting if he will once see the
value of it.

Remember what Roosevelt said:
"The Boy Scout movement is dis-
tinctly an asset to our country for
the development of efficiency, virility,
and good citizenship."

If scouting is not worth while,
why does Mrs. E. F. Metcalf, a moth-
er of boys not so far from Rush-
ville write the following to a local
scout leader: "I am glad my boys
are living now instead of twenty
years ago and that they have the op-
portunity of this Association and

SENATE BROADENS ITS OIL INQUIRY

Adopts Resolution Calling On State
Department For Information Con-
cerning Activities Abroad

AIMED AT HARRY F. SINCLAIR

Another Resolution Introduced Calls
For Investigation of Activities
of Attorney General

(By United Press)

Washington, Feb. 13—The senate
today broadened its investigation to
cover international dealings of big
American oil companies.

The resolution of Senator Dill,
Washington, was adopted, calling on
the state department for informa-
tion concerning activities of Amer-
ican oil men.

It is aimed particularly at Harry
F. Sinclair, lessee of Teapot Dome,
who recently made oil leases in Per-
sia and who is reported to have been
negotiating with German and Rus-
sian interests, and Edward L. Do-
herty, who has Mexican oil.

Simultaneously Senator Wheeler,
Montana, democrat, introduced a re-
vised resolution calling for inves-
tigation of the activities of Attor-
ney General Daugherty in congress
with the "war fraud prosecution and
other matters."

This was a substitute for the orig-
inal Wheeler resolution expressing
the belief of the senator that Daugh-
erty should resign. Dill's resolution
covers the entire oil world. It re-
quires the state department to sub-
mit all correspondence in its files
relating to oil. Dill wants to find
out, he said, "how much of our for-
eign policy is an oil policy."

FIRST TRIAL TO DEAL WITH LOAN

Gov. McCray Will be Tried on
Charges Growing Out of Dealings
With Board of Agriculture

DECISION BY PROSECUTOR

Indictment in Thirteen Counts
Charges Governor With Embezzle-
ment and Larceny

(By United Press)

Indianapolis, Ind., Feb. 13—Gov-
ernor Warren T. McCray will be
tried on charges of embezzlement and
larceny growing out of his dealing
with the state board of agriculture,
Clarence W. Nichols, special prose-
cutor, announced today.

The announcement followed in-
struction from Judge James A.
Collins to Nichols to choose one of
the various indictments against the
governor which would be pressed first.

The trial, which will start March
4, will be confined to a hearing on
this indictment. The center of the
trial is the controversy in the entire
case against the governor.

The indictment contains thirteen
counts, it charges that McCray did
"unlawfully, knowingly, and felon-
iously, appropriate and convert to
his own use," \$155,000 of the money
of the state board of agriculture.

It also charges that he did "unlaw-
fully, knowingly and feloniously take

EIGHT WITNESSES CALLED

Grand Jury Investigation of Ply-
mouth Woman's Death

Plymouth, Ind., Feb. 13—Eight
witnesses were summoned today to
appear before the Marshall county
grand jury in the investigation of the
murder of Mrs. Frances Sweet,
83, whose body was found Sunday
beneath the foundation of a hen
house on the farm of her grandson,
Ray B. Smith.

The witnesses called were Mrs.
Margaret Smith, whose statement
that her husband shot his grand-
mother in the back two years ago,
and buried the body, caused Smith's
arrest; William Hooten, Harper Sick-
ler, Elmer Truax, Roy Ringer and
Alfred Ringer.

Hooten helped Smith lay the con-
crete foundation to the hen house
under which the body was found.

CALLED TO COURT THURSDAY

Petit Jurors Will Report to Hear
Note and Foreclosure Suit

The petit jurors were called today
to report for a case in circuit court
Thursday, in which the New Salem
State Bank is plaintiff and William E.
Scott, defendant, the action being
on a note and to foreclose a mort-
gage.

A suit filed by Fanny Stonecipher
against Ella M. Coon, a case on a
note for \$500 and to foreclose, was
dismissed in court today.

BIG WEEK END FOR RUSHVILLE YOUTH

Seven Indiana University Students
Coming to Put on Fellowship Cam-
paign Among Boys

SOMETHING ON EVERY MINUTE

Program Starts Friday Afternoon at
Three O'Clock And Lasts Until
Sunday Night

The personnel of the team of In-
diana university students coming to
Rushville for the Fellowship cam-
paign for the week end was announced
today. It is composed of seven I. U.
students who are active in the stu-
dent life of the state university.

The campaign will be among high
school boys, under the auspices of
the state Y. M. C. A., and is expected
to be the entering wedge for the or-
ganization of a Hi-Y club in the
Rushville high school.

The program will get under way
with a meeting in the high school as-
sembly Friday afternoon at three
o'clock and will not close until Sun-
day night at seven o'clock when a
mass meeting will be held at the Main
Street Christian church.

The Fellowship campaign team is
composed of Lorin Ashbaugh, John
Coleman, Kenneth Heaton, Mark
Hindsley, Arthur Headley, Frank
Kelso, William Peck and Glen Steck-
ley, all I. U. students, and R. J. Duke
in charge of Hi-Y club organization
for the state Y. M. C. A.

All of the state university students
are prominent in university life, five
of them having been members of the
Y. M. C. A. cabinet; three on the
varsity wrestling squad; one on the
cross-country team; three as mem-
bers of the university band; one as
student director and another as cor-
net soloist; three have had experience
as boys' recreation directors; one

MRS. FRANK WOOSTER IS DEAD AT ANDERSON

Death of Former Rushville Woman
Proves Shock to Friends and Rel-
atives Here

LEFT HERE 12 YEARS AGO

Word was received here this morn-
ing of the death of Mrs. Frank Woos-
ter, which occurred at her home in
Anderson, Tuesday night at 10:30 o'-
clock. The deceased had been ill for
the past two years, but her condi-
tion was not regarded as serious, and
the announcement this morning
proved to be a shock to her friends
and relatives in this city. Two years
ago she underwent an operation for
gall stones and since then had not
been in good health.

Mrs. Wooster was a former re-
sident of this city, moving to Anderson
with her husband and family about
twelve years ago. She is survived by
the husband and five children, Frank
B. of Ohio, Pearl Gisinger of India-
napolis, Mrs. Mary Talmadge, An-
derson; Margaret Wooster of New
York and Miss Nellie Wooster of
Anderson; and two grandchildren;
besides a number of relatives by
marriage in this city. She was born
and reared in Missouri.

No word has been received here as
to the time of the funeral, but in all
probability the body will be brought
to this city for burial.

SCHOOL HEALTH WORK REVIEWED

Those Engaged in Promoting Child-
ren's Health Speak at Parent-
Teachers Meeting

RESULTS OF QUESTIONNAIRE

Principal of Graham Annex Shows
How Pupils Follow Health Rules
—Next Meeting March 11

"Health of School Children" was
the general topic discussed at the re-
gular meeting of the Parent-Teacher's
Association Tuesday evening
held in the assembly room of the
Graham high school building. Several
local citizens gave ten minute talks
on the subject, each stressing the im-
portance of good health among the
children.

In the absence of the president,
Judge Will M. Sparks, Eugene But-
ler, principal of the high school, pre-
sided over the meeting, and the pro-
gram opened with the reading of the
minutes of the last meeting by the
secretary, Earl Chamberlain, who an-
nounced that here are now ninety-
two members enrolled.

Mrs. Charles Wilson gave the in-
troductory speech, her subject being
"Why We Seek to Promote Health."
She pointed out that the people of the
city and also state are awakening to
a new era, that of realizing the im-
portance of health. Healthy children,
she stated, are an asset to the state
and the improved laws and better
understanding of conditions, are aids
to promoting health.

Miss Mary Hollowell, the school
nurse, gave a review of her work
among the children and complimented
the teachers of the different schools
for their cooperation with her in pro-
moting the Health Crusade work in
the schools. She also pointed out that
she was in favor of serving milk in
the lower grades of the schools, but
the Woman's Council has not defini-
tely decided, as to whether they can
finance the proposition this year.
They proposed that parents, who are
financially able, contribute to the
fund, but nothing definite has been
decided.

Miss Carolyn Meredith, principal
of the Graham Annex building, gave
the results of a questionnaire given
the fourth, fifth and sixth grades.
The questions asked the children
were: What is usually eaten for
breakfast? What time do you retire?
What time do you arise? The results
obtained were fairly good. One hun-
dred were enrolled in these three
classes and ninety-six were present
the day the questions were given out.
Seventy-four percent received nutri-
tious food for breakfast, leaving
twenty-six percent who did not; 52
percent received sufficient sleep and
48 percent did not. In these three
rooms fifteen girls and ten boys
drank coffee or tea for breakfast
and thirty girls and five boys were
underweight. She also stated that

VOCATIONAL CLASSES TO GIVE POULTRY SHOW

Freshmen and Sophomores of Ma-
nilla Plan Educational Exhibit
Next Saturday

IS ONLY ONE OF ITS KIND

A poultry variety show, the second
of its kind ever held, will be given by
the freshmen and sophomore voca-
tional classes of the Manilla high
school Saturday from 9:30 a. m. to
6:30 p. m. in the vacant room in the
Mull block in Manilla.

There will be no competition for
prizes as its purpose is educational—
to acquaint the public with the many
varieties of color, form, combs and
plumage variations. There will be
talks by members of the class in
poultry and a minstrel show at two
o'clock. The junior and senior classes
of the high school will also hold an
exhibit of their mechanical drawing
work.

A similar show was given two
years ago and was then said by the
agricultural department of Purdue
university to have been the first of
its kind ever given in Indiana.

Over forty varieties of poultry will
be exhibited in the show.

was employed last summer in Chicago Heights Settlement work; one was engaged in Union Settlement work in New York City last summer; one is a member of an honorary chemical fraternity; one is a member of an honorary commerce fraternity and one is a member of an honorary dramatic fraternity.

The students are coming, it is asserted, not merely to talk to local high school boys, but to walk, play, eat and sleep with them. Their activities will not be confined to high school boys as Boy Scouts will be included, a mass meeting for them having been arranged for the court house assembly room at three o'clock Saturday afternoon.

Interest will center in the basketball game Friday night, to be preceded by a dinner for the team and committee, and Saturday the activities will center largely around the gymnasium. A business men's luncheon will be held at the First Presbyterian church at noon Saturday and Saturday evening there will be a mass meeting for boys at the First Baptist church. Sunday church services will be devoted to the campaign.

Committees for the event were announced as follows:

General chairman, J. H. Scholl; key boys, the Rev. R. W. Sage and E. B. Butler; music, A. M. Taylor; business men's lunch, Mrs. Richard Beale of the First Presbyterian church, Mrs. J. The Greatest Labor Saver Ever
Invented For Women
No Home Complete Without It

12 to 17 Sheets Washed at One Time

A Washing in One Hour

No labor, no rubbing, no wash board or chemicals used. Any 12-year-old child can operate the Happy Home Washing Machine. Works exactly like the large commercial laundry machines in the cities. It is a veritable little laundry machine made small enough for use in your homes. Large enough for any private family or hotel.

While it only weighs 25 pounds, and only uses 4 gallons of water—think of the saving in carrying and heating water by using The Happy Home. It can be used on any cook stove or hot plate; it will wash more clothes at one time than any single tub washer made for family use, washing from 12 to 17 sheets at one cylinder full. It does away with the WASHBOARD and BOILER and washes anything from the finest lace curtains, feather pillows, blankets, quilts, comforts to the dirtiest rag rugs and overalls.

One of the mysteries is the fact that a young man who likes to write for a living so often deliberately refrains from reading the books that would make him well informed.

AFTER WORLDS WAR PICTURE

American Legion Post Trying to Book "Powder River"

An effort is being made by officers of Rush Post 150, American Legion, to bring a great motion picture film to this city in the near future. It is entitled, "Powder River," and is an interesting story, with a plot woven into the World War. Actual battle scenes which were taken in the midst of the war by the United States Signal Corps, are depicted.

These views are unusual, and have only recently been released. The showing of this picture was made recently in Indianapolis, and if enough interest can be displayed here, an attempt will be made to secure a booking on the spectacle, which is declared to surpass anything of its kind, showing actual warfare and hostilities, together with a beautiful plot.

—Mrs. Paul Phillips and daughter returned to their home in this city Tuesday evening from Linton, Ind., where they have been visiting her husband's parents. Mr. Phillips met them in Indianapolis and accompanied them home.

SILVER EAGLE IS SHOT

Leesburg, Ind., Feb. 13—A web-footed silver eagle was shot by F. W. Ringenberg, a farmer near here. The bird had swooped down on the Fingerberg farm and was about to attack a chicken when brought to earth with a bullet. It is the first bird of this species seen in north-central Indiana in many years.

MANY REPORTED WOUNDED

Berlin, Feb. 13—A dispatch late this afternoon said fighting between loyal citizens and Separatists had broken out in Kaiserslautern. Many were reported wounded on both sides.

Marshal Otey Walker, guardian of the law in "The Old Home Town," is up to some new tricks along law enforcement lines. He shows up on the last page of the Daily Republican every day.

MAKES FAT PEOPLE SLIM!

Many of your friends think that you are too fat. You too realize it. But why, in all common sense, don't you get rid of that extra 10, 20, 30 or more pounds? Feel comfortable and more like a human being again. I am a physician licensed by the State of New York. I have for years treated men and women overburdened with excessive flesh; many have reduced as much as a pound a day. I prescribe for my patients such treatment as will, in my opinion, produce not only the loss of weight without harm, but an improvement in health. Don't take my word for it. Let me send you free my trial treatment and convince yourself. Personal attention is given to each case and you are treated exactly as if you were in my office.

FREE TRIAL TREATMENT AND INTERESTING BOOKLET

I have successfully treated thousands of patients for fat reduction.

Without Change of Diet or Unnecessary Exercise

Below are a few extracts of letters from grateful patients which bear out my statements:

Lost 76 Pounds. Miss O. White writes: "I have lost 76 pounds as a result of your treatment and have never felt so well in my life as I do now."

Lost 70 Pounds. Mrs. S. Santee writes: "I have lost 70 pounds as a result of taking your treatment. I feel better in every way. I can now take long walks without becoming tired or short of breath. I thank you very much for what you have done for me."

Lost 48 Pounds. Mrs. E. Horner says: "Well, I just tried to inform you that I have lost 48 pounds in 6 weeks."

Make up your mind this very day to get rid of that fat. Write me for my free trial treatment now; then you'll soon realize how happy you'll feel, how much better your health will be for having joined the thousands of my grateful patients who now belong to the ranks of Slim People. Don't delay. Write now for FREE Trial Treatment.

Damage of \$20,000 to \$30,000 And Woman Hurt at Terre Haute

Terre Haute, Ind., Feb. 13—Damage estimated at from \$20,000 to \$30,000 was caused and one woman was slightly injured here this morning when a gas explosion in the basement of the Terre Haute Trust Company at a downtown corner, blew ten feet of sidewalk into the street. Rest rooms in the basement were wrecked and several persons had almost miraculous escape from injury or death.

The explosion is thought to have been caused by leaking gas.

Monte Cristo Up-to-Date

AFTER a search that led through untold hardships, the Count of Monte Cristo found the secret cavern. Gold, gems and untold wealth were his.

But think of this! Every day, simply by spending a few minutes running through the advertising columns of this paper, you can find a wealth of things that Monte Cristo could never know. Things that make your life rich in comforts! Countless conveniences that iron out the mechanics of existence! Economies that bring within your easy reach, things that once were priceless!

We sometimes overlook the important role that advertising plays in making our lives pleasant and altogether livable. Advertising is as much a part of today's life as electricity, antiseptic surgery or automobiles. It keeps us up-to-date on the many things we need in order to live profitable, happy and useful lives. It presents for our approval articles of all kinds and for all purposes. The requirements of each member of the family are met by advertised offers of good merchandise of proved value.

The advertisements save time, money and effort for those who read them and follow their guidance. They are practical guarantees of satisfaction.

Oil Inquiry Reaction

"It's about time we were having a house-cleaning at Washington. We ought to throw them all out."

This remark by a man the other day represents the average reaction to the oil naval reserve lease investigation that started in the senate as an inquiry of good intentions, but has degenerated into a political fishing party, with each party fishing for an advantage.

If any wrong-doing is discovered by the impartial investigation begun by the president through two attorneys of recognized standing, and the guilty are brought to justice, it is doubtful if even that accomplishment will offset the harm that has been done by the senatorial investigation.

The charges and counter charges that have been made have served to weaken the confidence of the man in the street in public officials. He who does not stop to think but arrives at the hasty conclusion that all men in public office are crooks and should be driven out.

We can't scrutinize the acts of office holders too closely, but we should not judge them until the facts are all heard. An investigation by a partisan senatorial committee can't be depended upon to bring out all the facts.

We held no brief for the secretary of the navy, but he was obedient to the will of congress when he executed the agreements with the Mammoth Oil Company and the Pan-American Petroleum and Transport company.

The congress expressly provided, under date of June 4, 1920, that the secretary of the navy should take possession of all oil properties within the naval petroleum reserves, "to conserve, develop, use and operate the same in his discretion, directly or by contract, lease or otherwise, and to use store, exchange or sell the oil and gas products thereof, and those from all oil royalty lands in the naval reserves, for the benefit of the United States."

The naval secretary says that he was convinced that the naval oil lands under discussion, totalling 51,623 acres, were being drained by privately-owned wells adjoining these reserves. His conviction was based on reports of government and other experts.

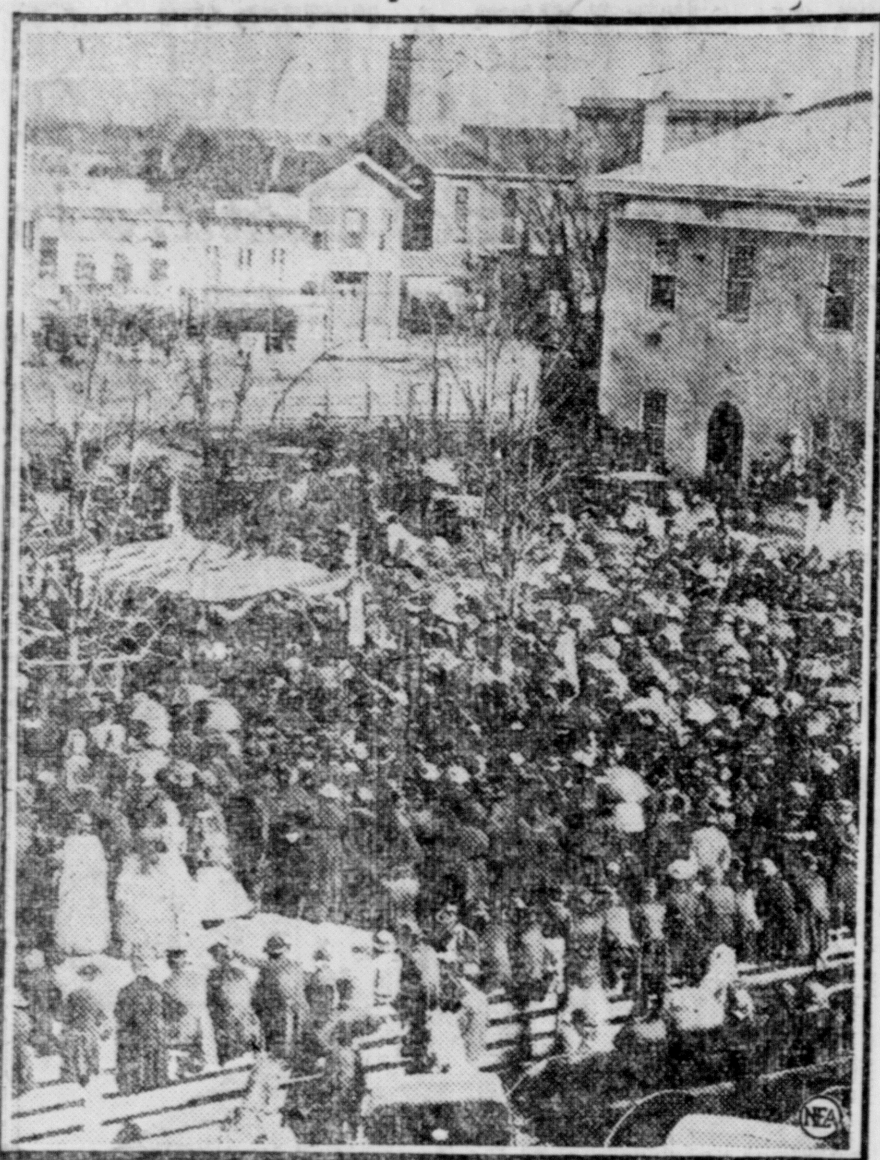

One of three courses was open to

Their Prayer Was Heard!

Abraham Lincoln had been assassinated! Citizens of Bloomington, Ill., who had known him when he was a young lawyer and later when he was campaigning for the senate, gathered in mass meeting to voice their horror over his tragic death. "A Life for a Life," they demanded when John Wilkes Booth's name was mentioned. Similar gatherings were held in every city of any consequence throughout the nation. But as far as can be ascertained, this picture, hanging today in the Bloomington Public Library, is the only photographic evidence that yet remains of any of them.

the secretary. He could do nothing and guard what would have been ultimately drained of its riches, if the reports of experts were to be believed; government drilling which was impractical; or lease the right to drill under proper restrictions to private enterprise. He chose the latter course, the wisdom of which only a careful and wholly unbiased investigation will determine.

The naval secretary has been censured for recommending the transfer of the naval oil reserve lands to the department of the interior. His answer is that the interior department has under its jurisdiction 17,622,599 acres of public oil lands already leased to private enterprises, and that in keeping with the policy of the government to co-ordinate all of its activities, he deemed it the wisest course to place the department of the interior in charge of all oil lands.

People slow to form an opinion until the evidence is all in, will welcome a thoughtful and patriotic inquiry into all of these transactions, because the reckless charges that have been made are a challenge to the integrity of American public men.

Streets For Coasting

Mayor Thomas is to be commended for the interest he has shown in Rushville children, by ordering the Perkins street hill blocked for traffic, at every opportunity, so that the youngsters may enjoy coasting.

Closing one block of the street to vehicles serves a double purpose—it not only provides a way for boys and girls to enjoy a youthful pastime that is almost extinct, but it occupies their time so that they will not engage in the dangerous business of hitching their sleds on the back end of automobiles and endanger their lives.

Taking some interest in the welfare of those who will be in charge of affairs in Rushville in two decades is not wasted time. Giving them better opportunities for healthful play so that they can develop normally is serving the next generation more than anyone may realize.

Closing a street to traffic for boys and girls shows the changed attitude in this respect. There was a time when their right to play was not generally recognized. Now few challenge it.

Opportunities to enjoy the exhilarating sport have been rare, until this winter, and it is fortunate that Rushville has a mayor who has the viewpoint of the youngster and is willing to make an effort to meet their needs.

SAFETY SAM

Horses Fed Right Live Longer
The Veterinarian's Recommendation

Horse Owner—Doctor, there's something the matter with this horse, he's no good for work anymore.

Veterinary—How long have you worked him?

Horse Owner—About six years.

Veterinary—He's all shot to pieces.

Horse Owner—I guess it was the hard roads.

Veterinary—No, you're wrong. The trouble with this horse is he hasn't been fed right. He's been fed a monotonous diet of oats and corn with hay, which fails to supply a work animal with a sufficient variety of diet to keep him in good shape. If you feed this horse right from now on you'll get a lot more service out of him.

City horses, because they are fed a monotonous diet and never get any green pasture, are generally out of service at 7 or 8 years of age. Horses that are fed right often live to 30 years of age.

I recommend Purina O-Molene because the variety of foodstuff in this well known horse feed is put there to keep them in good working condition. It is a complete ration. Horses thrive on it. They produce more work and live longer on O-Molene. Put your horse on O-Molene feed and watch the excellent results in only a few weeks.

HITTIN' 'EM

MISSIN' 'EM

TWO STARS ON THE DEFENSE

The battle ground of the defense for the Rushville high basketball team lies in two real guards—Earl McNamara at floor guard and Frank Comella at back guard. These two players are main cogs in the machinery that has won games for the Lions. A team without a defense doesn't win games. The real test for a defensive team will come Friday night when Richmond plays here, and these two guards will have their hands full with the visiting team. Morton of Richmond has a new style of play in which their center drops to back guard, with the team really having two floor guards, and which accounts for the Richmond back guard making most of the scores. These two Rushville players are going to turn the trick on the visitors.

COMELLA

McNAMARA

These two mainstays in the guarding positions, will be Rushville's high hopes next year. Neither one graduates, and the team for next year will be built around them, which is surely a good foundation and with the rest of the available material the prospects run high. While these two players are experts on the defense, they also are no mean shots at the basket. McNamara, for instance, has scored 43 field goals this year, and tossed in 15 foul baskets. Then Comella in his position at back guard, comes to bat with a record of 31 goals from the field and 9 baskets from foul goals, during the season. These two players can go into the game to count a victory and usually make good, and here is hoping that Friday Richmond will get a back seat, and take a tumble down the Big Ten ladder.

MILROY AT GREENSBURG

Milroy plays at Greensburg Thursday night. The game was changed from Friday, as the team and some of the fans down that way wanted to come here to see the Rushville-Richmond game on Friday.

WATCH MILROY IN THE SECTIONAL TOURNAMENT, is a warning that is broadcasted from that vicinity.

Richmond may expect to start subs in the game here Friday night, in order to save their best for the Bedford game on Saturday night. Hittin' 'em will bet that they will bring in their regulars, with Price and Eubanks at forward; Johanning at center; Kessler and Rizio at guards.

How Richmond Turns The Trick

Richmond has a trick combination that they expect to spring here, and which accounted for a victory at Columbus last week. They changed their style of play between halves. The following account of it, appearing in the Richmond Palladium, may be of interest:

Muey kept the Morton crew in the lead during the first half and Rizio kept it up during the second half. Muey counted four times in the first half then gave way to Price, who played through the last season. Captain John Rizio saved his scoring until needed then rushed six field goals through the hoop.

The system of using Johanning at center then switch to backguard after the tip-off is proving more effective each game for Coach Little's team. As it is, Kessler and Rizio are two floorguards for Morton. There is no such thing as a center, unless Johanning would be considered such when he advances down the

floor for an occasional shot from midway.

With two fighting, speedy floorguards, Morton is proving more efficient each game. Well enough for such improvement, for the team will face its supreme test of the 1923-24 season here Saturday night against Bedford.

Let's break up the play, and shove the playhouse over, what do you say, Lions?

HERE IS MILROY'S RECORD

That word of warning to watch Milroy in the sectional can be based upon the following statistics of the Milroy team this year. In the first nine games played, when Milroy appeared about as weak as Podunk, they lost 8 games. Up to date they have played 21 games, and scored 645 points, regardless of the poor start. Their opponents have scored 511 points. In the last 12 games since Christmas, when their new players took positions, they have won ten of the games, and scored 442 points, to their opponents 250 points. They have averaged in the games since Christmas of scoring 37 points a game, and their opponents 20½ points. So Milroy isn't counted out in the section race—not by a big sight.

Glover, the center for Carthage, who got a fractured arm in the county tourney here, was not in the big play at the Carthage tourney, or else some of those scores might have been different. The Carthage center is recovering and expects to get back in shape to take part in the sectional, and here is hoping that he makes the recovery.

Harrington has been lost to the Columbus Bull Dogs for some reason or other, and this player was one of the shining lights for his team, holding down the job at center Tough time to lose a player, and we're going to knock on wood.

ELIGIBILITY LISTS ARE DUE FEBRUARY 20

All Girls Teams Desiring to Enter County Tournament Urged to Send Acceptances

AT GRAHAM ANNEX FEB. 23

All schools desiring to participate in the Rush county girl's tournament for high schools, are urged to send in their acceptances at once, as the eligibility lists are due February 20. The tourney, which will be the first of its kind to be held in this part of the state, will be held at the Graham Annex gymnasium, Saturday, February 23.

All teams of the county are invited to enter the all day tourney, and a special invitation has also been extended the Orange and Fairview teams of Fayette county, as these towns are on the county line, and many of the students reside in Rush county.

The following teams will most likely enter the tourney: Milroy, Moscow, New Salem, Webb, Carthage, Orange, Fairview, Arlington, and perhaps Raleigh and Center. A cup will be given to the winning team. The eligibility lists and acceptances should be sent to either Grant Cooper, New Salem principal or W. V. Klipsch, Webb principal, as these two men have been picked to act as managers for the tourney.

KNOTTY PROBLEMS IN BASKETBALL

The Republican has arranged with the Joint Basketball Rules Committee, which promulgates annually the amateur rules governing the game, to answer all questions regarding interpretation of the playing rules. Readers desiring information on any problems which may have arisen during a game can have their questions answered officially by addressing the Joint Basketball Rules Committee, care of this paper. Enclose a self-addressed 2-cent stamped envelope for direct reply.

Ques: A player receives a pass while he is in the air with both feet off the floor. After he comes to the floor with the ball, how many steps is he allowed in getting rid of it? Ans: The rules do not state exactly how many steps may be taken when a player who is in motion receives the ball, but he must stop or get rid of the ball as soon as possible. There are so many different situations possible under this heading that the rules direct the officials to use their judgment.

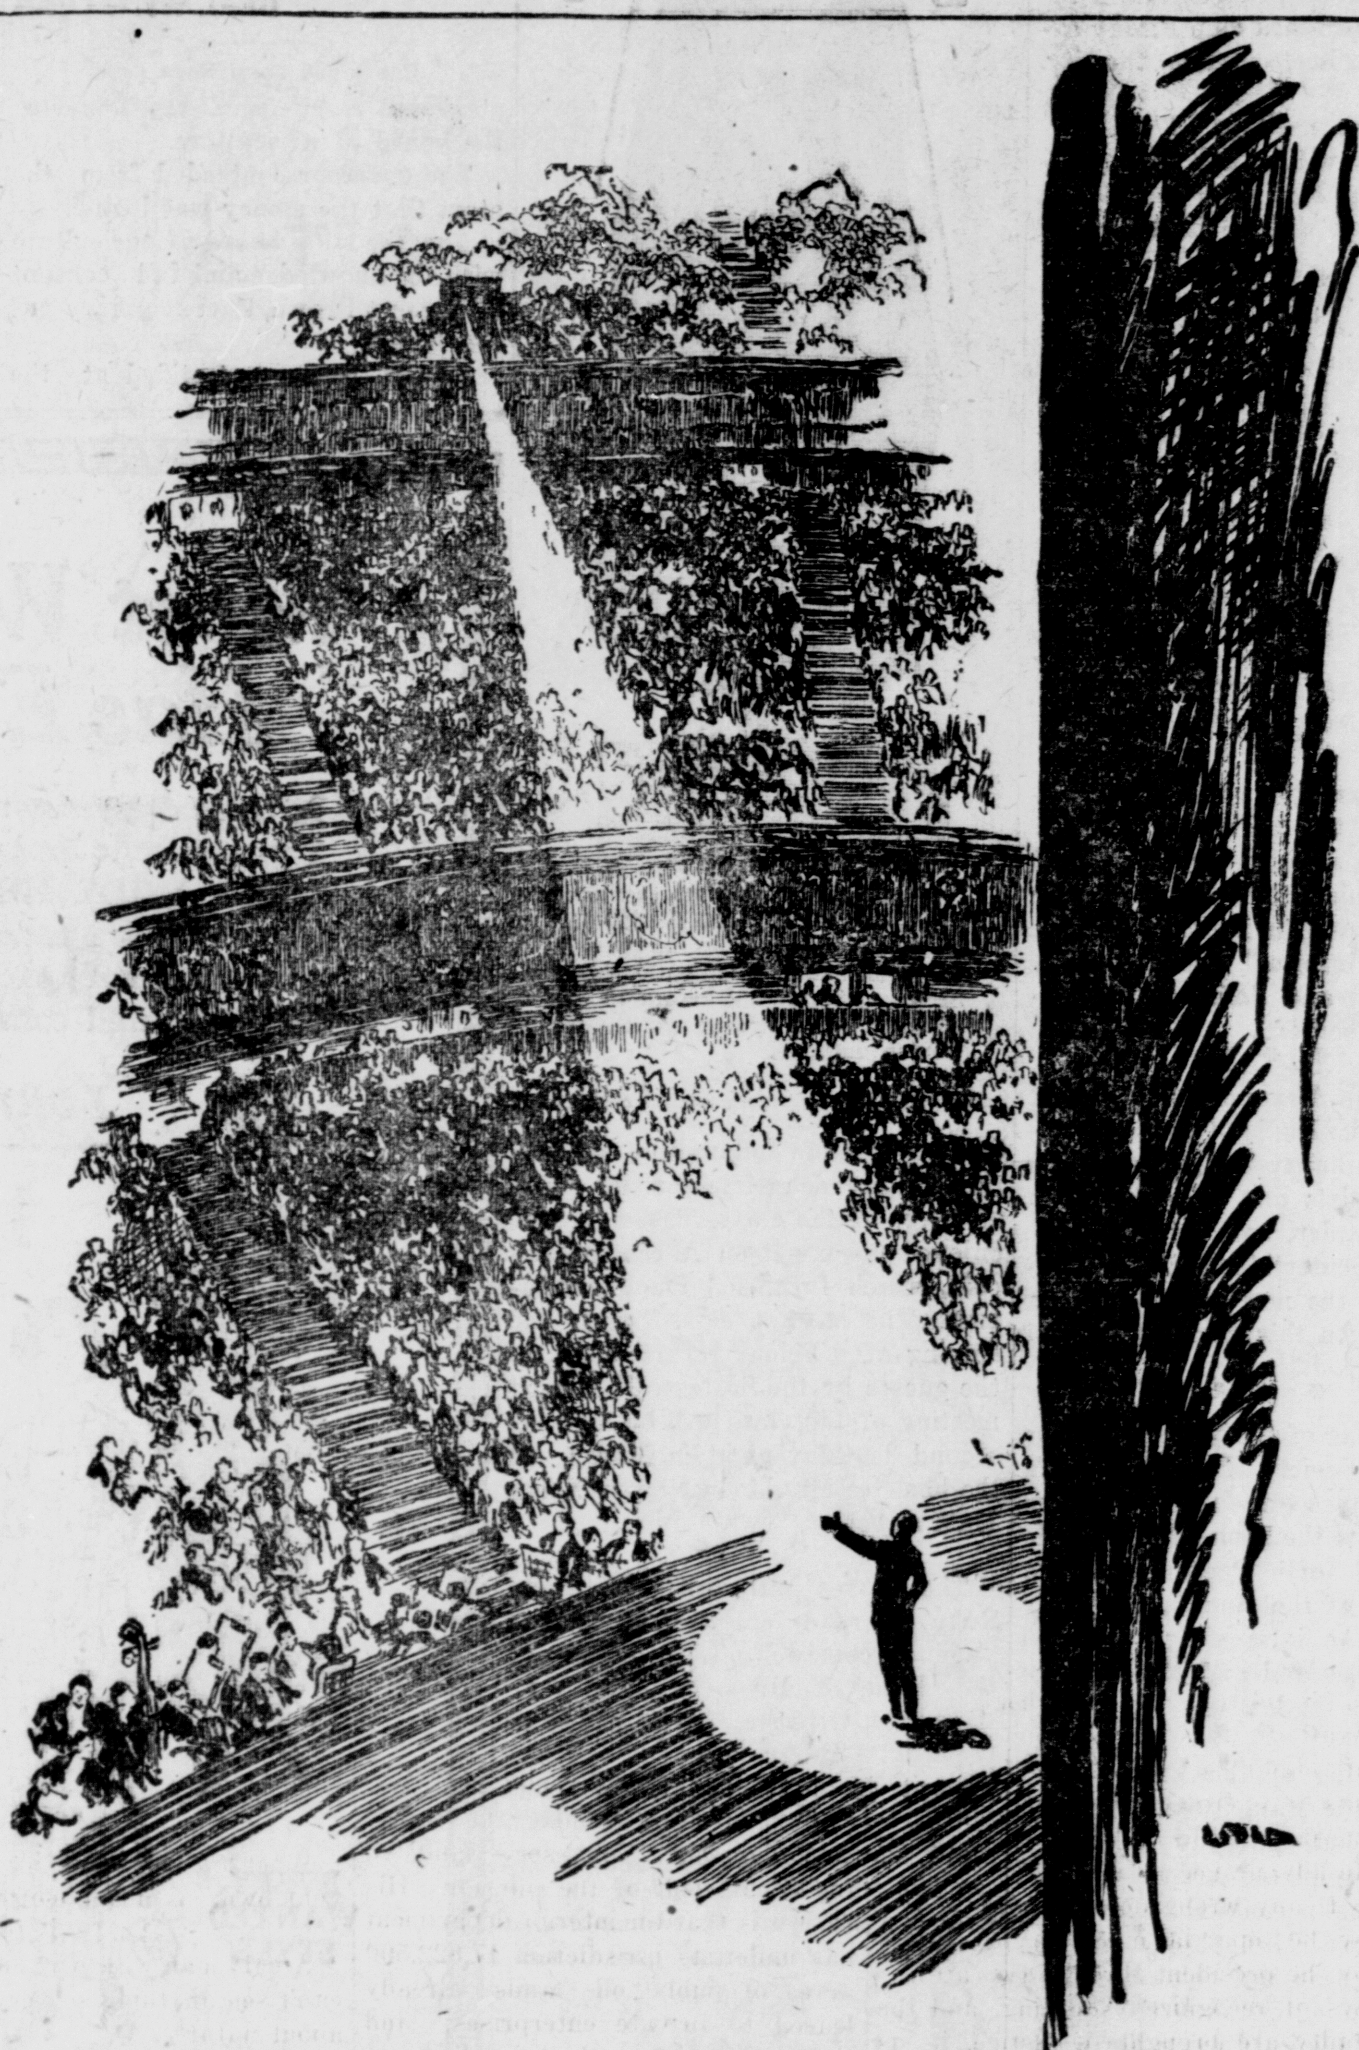

Ques: The referee called a violation on a player. The latter was fouled by an opponent immediately after the violation was called. The referee disregarded the violation and permitted the player to try for two free goals. The game was protested because the referee disregarded the violation. Ans: The referee was correct in disregarding the violation, but if the case is described accurately, only one free throw should have been awarded because the ball was dead when the foul was called and was not in the possession of the offended player in his own goal zone.

Ques: When the ball is out of bounds, can any player stand inside the three-foot line and receive a pass from out of bounds if he is more than three feet from the player passing it in? Ans: Yes, The line mentioned in Rule 10, Sec. 1, Note, is a restraining line for players directly in front of the player who is passing the ball in, but players farther away may be inside this line.

Ques: Two players, A and B, are jumping for the ball throw up between them near A's basket. A taps the ball into his basket on the jump, and at the same time B violates the jumping rule by taking his hand from behind his back before the ball is tapped. What is the decision? Ans: The goal counts and the violation is not penalized, the ball going to center. The ball would be in the air on this play when the whistle blows. This is covered by Rule 7, Sec. 7, Note.

Ques: In the preceding play, what would be the decision if A violated the jumping rule as he tapped the ball into the basket, and B jumped legally? Ans: The goal would not count and the ball would be given to B out of bounds. This is covered by the same rule.

so Hittin' 'em wants to extend hearty wish for a happy Valentine Day, and may he enjoy many more of 'em.

Such popularity must be deserved

POPULARITY isn't luck—there is no royal road to the spotlight. Popularity, today, means "delivering the goods!" Last year broke all records for the number of Chesterfields smoked. Why? Because Chesterfields

make good! There are loads of ordinary cigarettes—smokers want something better!

Better quality—proved by better taste—that's why men are turning by thousands from other cigarettes to Chesterfield.

Horse Sense Needed

By HENRY L. FARRELL
(United Press Sports Editor)

New York, February 13—Nothing is more practical than the application of good, old fashioned horse sense to correct the fancied actual ills that are found occasionally or oftener in various lines of sport.

Much is heard of the sad fate that is waiting for football just around the corner if that immensely popular sport does not follow different paths.

Sage professors, heavy thinking grads and serious minded reformers think that by legislation and by conference forms of agreement, any leaning toward professionalism can be curbed and that pure standards of ethics can be maintained.

It is a well known fact that if there is a will to get around rules, the most drastic and the tightest code of morals and ethics can be cheated. No set of rules, on the other hand, need be applied when there is a will to do the right thing.

This point was well illustrated recently. Charley Moran, for many years coach of football at Centre College, resigned and accepted a po-

sition in the same capacity at Bucknell.

Several of the Centre stars decided that they would go along with Moran and enter Bucknell. Centre didn't like the idea, of course, and the purists cast some reflection on football in general.

Legally and ethically, nothing could stop those young men from transferring along with their former coach. As long as they complied with the eligibility rules as they are applied to period of residence and conformation with scholastic requirements they were eligible candidates.

Moran stopped it, however, by telling the players that he could not stop them from the pursuit of knowledge at Bucknell, but he could prevent them from the exercise of their athletic ability and while they might be accepted as occupants of chairs in the lecture halls, they would not be allowed to play for him on the football field.

The young men decided to remain at Centre.

Guinea Fowls Good Guardians.

In England a pair of guinea fowls can be purchased for the price of a dog license and are considered more effective than dogs in giving alarm at night in case of marauders.

FIGHTS AND FIGHTERS

Philadelphia—Nate Goldman, local lightweight, won the judges decision over Ted Merchant, England, in 10 rounds. Goldman failed to show the class he displayed on New Year's day when he conquered Lew Tandler and a crowd of 6,000 booed the decision. Tenny Ross, Pittsburgh, punched his way to victory over Artie McCann, Philadelphia, in an eight round go.

East Chicago—Ernie Goozeman, Milwaukee featherweight, won from Eddie Shea, Chicago, in 10 rounds. Jack Kane, Chicago, was given a shade over Jimmy Muzzie, Milwaukee 10 rounds, Mickey Kramer of St. Louis defeated Steve Adams, Chicago in the eight round opener.

New York—Lew Raymond, New York matchmaker, announced that Luis Firpo had accepted his offer of \$250,000 in cash and 25 percent of the motion picture rights to meet Harry Wills, negro heavyweight.

NOW A LOWLY EXTRA

New York, Feb. 13—Flora Finch, once a great comedian in American filmdom, is working as a lowly extra in a Long Island studio. The woman who made millions when she worked opposite the late John Barrymore, has an engagement for a couple of days and her salary is not likely to be more than \$15 a day.

Sincerity.

Jud Tunkins says it's impossible to be absolutely sincere all the time, otherwise you'd often have to think up something besides "Dear Sir" in starting a letter.

SHOOT IS SET FOR SATURDAY

Changed From Mid-Week Date Used in Recent Events

The sportsmen of this vicinity will hold another all day shoot in Rushville this week, and the affair will be held on Saturday instead of the regular mid-week shoot that has been held in the past few weeks.

The shooting on Saturday will begin at 9 o'clock in the morning and continue all day, and shooters from all sections of the county are urged to attend. The parings will be made in accordance with the experience of the shooters, and in this way, the weaker shooters will be pitted against those in their own class. The affair will be held at the Harrie Jones farm, just south of Rushville and lunch will be served at noon.

"His Children's Children"

A picture with a wide range of scene and a story of great human interest is "His Children's Children," Sam Wood's Paramount screen version of Arthur Train's successful novel which will be shown at the Princess theatre today and Thursday. The cast is an extraordinary one and among the featured players are Bebe Daniels, Dorothy Mackaill, James Rennie and George Fawcett. The principal supporting players include Mahlon Hamilton, Warner Oland, John Davidson and Joe Barke.

The story, which deals with the foibles of modern society life, high finance and parental neglect of children, gives wide scope for sympathetic and picturesque treatment. Scenes in the picture range from Wall street to the Denver freight yards with many others, including

Long Island homes, English mansion, Broadway cafes, subways, elevated roads, beaches, Greenwich Village and Long Island hunting lodges. Director Wood asserts that the picture gives a more complete view of New York City and its life as a background for the gripping story than any production ever filmed.

Osawatimie, Kans.—Mrs. E. E. Keast formerly of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a bad sick spell. . . .

"I got so weak I couldn't go. I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything; had the best of attention, yet I wasn't able to get up I lay for three months, not able to do anything.

"My husband is a bill poster and has circulars distributed. One day these came to be a Ladies Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui. . . .

"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months.

"I kept it up and continued to improve until I was a well woman. "Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better medicine made for women than Cardui."

2 GUARDSMEN ADMIT THEFT AT ARMORY

Louis Dagler And Meredith Horrell,
Members of Co. C, Confess Tak-
ing \$3,500 Worth of Supplies

TO BE TRIED IN U. S. COURT

Will be Removed to Federal Prison
Pending Arraignment Before Judge
A. B. Anderson in Indianapolis

QUESTIONED BY OFFICER

Major A. H. Whitcomb of U. S. War
Department, Said to Have Ob-
tained Confession Tuesday Night

Louis Dagler and Meredith Horrell,
two members of Company C, Rush-
ville's National Guard unit, have
confessed to the theft of \$3,500
worth of government supplies, and
are in jail pending their removal to
the federal prison, where they will
face trial before Judge A. B. Ander-
son, of the United States court.

The two young men, both residents
of this city, were arrested Monday
night, and placed in jail upon a mil-
itary warrant, and they were de-
tained in jail here until last night,
when they were questioned by Major
A. H. Whitcomb of Indianapolis, of-
ficer in the United States war de-
partment.

According to Capt. Will B. Brann
of the local guard company, the two
members of the unit made a confes-
sion to the officers last night in jail,
and a check-up of supplies stolen
from the armory, reveals a shortage
of goods worth \$3,500.

The supplies have been missed from
time to time, according to Captain
Brann, and all efforts to apprehend
the guilty parties were futile. Several
traps were set to capture the per-
sons who made frequent visits to the
armory and took things piece by
piece.

In the list of articles stolen during
the past few months were overcoats,
blankets, shoes, guns, revolvers,
shirts, and supplies of all kinds sent
here as part of the equipment for the
guard company.

The two young men, following their
confession last night, also handed
the officers a list of persons to whom
they had sold their loot, including
guns and other items, and these per-
sons will be served with federal war-
rants, if necessary to recover the
goods.

Captain Brann stated today that
the list had been given to him, and
that persons who wanted to save any
embarrassment should return the
goods to him, and that unless they
are returned within a few days, the
necessary warrants for the govern-
ment property would be issued.

The two prisoners are still de-
tained here, and will be taken to In-
dianapolis in a short time, and given
a hearing on the charge in the high-
er court. It is understood that the
federal charge carries a 10 to 21
year sentence, upon conviction.

REMONSTRANCE TO BE HEARD FRIDAY

State Board of Tax Commissioners
Will be Represented at Richland
Township Bond Hearing

OPPOSITION TO NEW SCHOOL

The state board of tax com-
missioners will be represented Friday at
Richland, when the remonstrance is
heard on the bond issue to build a
new consolidated school in that town-
ship.

The hearing on the proposed issue
will begin at 10 o'clock in the morning
and it is understood that the project
to erect a new building will meet
with much opposition, as there are
many persons who do not believe the
township needs a consolidated school.
The township is the only one in Rush
county that is retaining their one and
two room buildings instead of the
consolidated system.

BUYS LOCAL BUSINESS ROOM

J. L. Cowing Purchases John Aber-
crombie Block in Main Street

J. L. Cowing has purchased the
John Abercrombie business room, oc-
cupied by the E. E. Polk hardware
store, it was announced today. The
consideration was not made public.

Mr. Cowing stated that he had not
purchased the room as a location for
the J. L. Cowing, Son & Co., cloth-
ing store, because Mr. Polk's lease
on the room does not expire for three
years. L. C. Lambert also has a lease
on the office rooms upstairs which
does not expire for three years.

It is known that the room has been
on the market for several years, but
Mr. Abercrombie never came to terms
to prospective purchasers. Mr. Aber-
crombie now lives at Miami, Florida.

MOTION TO QUASH ARGUED IN COURT

Second Count of First Degree Murder
Indictment Against Cecil Cloud
is Attacked

NO DECISION IS RETURNED

If Defense Wins in Effort to Have
Charge Thrown Out of Court,
State Has Other Plans

A motion to quash the second
count in the grand jury indictment
returned last Saturday against Cecil
Cloud, charged with first degree mur-
der, was presented in court this
morning, and argued by the attor-
neys, in an effort on the part of the
defense to be released from the
charge.

The motion to quash the second
count, which alleges that Cloud en-
tered the meat shop owned by Luther
C. Sharp, and with the intent and
purpose to rob and hold-up the own-
er, and with the purpose to kill if
necessary to obtain the money, says
that it does not set forth facts suf-
ficiently to justify the charge.

The attempt to quash the indict-
ment does not attack the first count,
which alleges first degree murder.
The second count sets forth the mo-
tive, which is attacked by the de-
fendant, and if the motive is thrown
out, the defense maintains that the
first count of the indictment would be
nullified.

The arguments on the question
were presented this morning to Judge
Sparks, with Prosecutor Ketchum
representing the state, and Albert C.
Stevens appearing for the defendant.

After the motion to quash had been
heard, no action was taken, as the
defense cited many cases of law in
other courts, which will be consid-
ered by the court before rendering a
decision. The defendant has not been
brought into court, and remains in a
cell in the jail.

If the court rules for the state in
the motion to quash, an early trial
will be arranged, it is understood. If
the court finds for the defendant,

MRS. MARGARET KELLY SUCCEUMBS AT MILROY

Dies at Home of Her Daughter, Mrs.
Abe Lines, at the Age of Eighty-
Two Years

FUNERAL FRIDAY AT 2 P. M.

Mrs. Margaret Kelly, aged 82
years, died at one o'clock this morn-
ing at the home of her daughter,
Mrs. Abe Lines in Milroy. Mrs. Kelly
had been ill for several weeks suf-
fering with a complication of dis-
eases.

The survivors are two sons, Wil-
liam Kelly of Waldron, Worth Kelly
of Milroy; two daughters, Mrs. Abe
Lines at whose home she died, and
Mrs. Bert Lawson of near Milroy;
one brother, John W. Johnson, of
Casey, Ill.; seven grandchildren, two
great grand children.

The funeral services will be con-
ducted Friday afternoon at two o'-
clock at the Methodist church in
Milroy, the Rev. R. R. Cross, officiat-
ing. Burial will take place in the Mil-
roy cemetery.

BUSINESS IS PICKING UP

AN APPEAL FOR SCOUTING

The following appeal for Scouting
was issued today in connection with
the local observance of the Boy
Scout Anniversary Week:

The United States with its Stars
and Stripes is the inheritance of the
boys of today who become the men
of tomorrow. They enjoy it today
and must protect it tomorrow, but
they are not the same boys the men
of today were.

Many forces not here in your boy-
hood, are pulling him away from
American ideals. Home, church and
school are combatted by the war's
hangover of irreligion, Bolshevism,
social unrest and changing view-
points. His school mates, his gang
or crowd, his chum, they are just
immature boys like himself subject
to the same bewildering influences.
A million of them turn 21 years e-
very year.

What's the answer?
Help get your boy interested in
Scouting. Each year doubles in val-
ue to him. Make sure that he is in-
terested at the earliest possible age
for his sake and for the sake of his
inheritance. Help form new troops.
Get into the movement personally.

Scout Notes

The First Annual Father and Son
Luncheon of the Rushville Division
of the Boy Scouts of America will
be given at the K. of P. Hall on
next Tuesday evening February 19th
at 7:30 p. m.

The invitations are being prepared
this week and will be mailed about
Thursday of this week. Each boy is
asked to remember to make his plate
reservations not later than Friday as
the Scout Officials must make a guar-
antee of how many men and boys will
be served.

Money for the banquet should be
turned in to the Scout masters not
later than the regular weekly meet-
ings this week. If these few things
are remembered there will be no
trouble in making this luncheon the
biggest event of the week.

The Second Sunday services for
the Boy Scout Fourteenth Anniver-
sary Week will be held next Sunday
morning at the Main Street Christian
Church. The Rev. L. E. Brown will
address the boys He asks today that
they meet in the basement of the
church next Sunday morning just as
soon after Sunday School as possible.

Boys going from other Sunday
Schools should leave their church
right after class if possible rather
than going back to the main auditor-
ium for the final services connected
with the Sunday school.

Every real man is a lover of real
he boys and can find a place some-
where in his weekly routine for
Scouting if he will only see the
value of it.

Remember what Roosevelt said:
"The Boy Scout movement is dis-
tinctly an asset to our country for
the development of efficiency, virility,
and good citizenship."

If scouting is not worth while,
why does R.M.E. F. Metcalf, a moth-
er of boys not so far from Rush-
ville write the following to a local
scout leader: "I am glad my boys
are living now instead of twenty
years ago and that they have the op-
portunity of this Association and

SENATE BROADENS ITS OIL INQUIRY

Adopts Resolution Calling On State
Department For Information Con-
cerning Activities Abroad

AIMED AT HARRY F. SINCLAIR

Another Resolution Introduced Calls
For Investigation of Activities
of Attorney General

(By United Press)

Washington, Feb. 13—The senate
today broadened its investigation to
cover international dealings of big
American oil companies.

The resolution of Senator Dill,
Washington, was adopted, calling on
the state department for forma-
tion concerning activities of Amer-
ican oil men.

It is aimed particularly at Harry
F. Sinclair, lessee of Teapot Dome,
who recently made oil leases in Per-
sia and who is reported to have been
negotiating with German and Rus-
sian interests, and Edward L. Do-
heny, who has Mexican oil.

Simultaneously Senator Wheeler,
Montana, democrat, introduced a re-
vised resolution calling for inves-
tigation of the activities of Ator-
ney General Daugherty in congress
with the "war fraud prosecution and
other matters."

This was a substitute for the orig-
inal Wheeler resolution expressing
the belief of the senator that Daugh-
erty should resign. Dill's resolution
covers the entire oil world. It re-
quires the state department to sub-
mit all correspondence in its files
relating to oil. Dill wants to find
out, he said, "how much of our for-
eign policy is an oil policy."

FIRST TRIAL TO DEAL WITH LOAN

Gov. McCray Will be Tried on
Charges Growing Out of Dealings
With Board of Agriculture

DECISION BY PROSECUTOR

Indictment in Thirteen Counts
Charges Governor With Embezzle-
ment and Larceny

(By United Press)

Indianapolis, Ind., Feb. 13—Gov-
ernor Warren T. McCray will be
tried on charges of embezzlement and
larceny growing out of his dealing
with the state board of agriculture,
Clarence W. Nichols, special prose-
cutor, announced today.

The announcement followed in-
struction from Judge James A.
Collins to Nichols to choose one of
the various indictments against the
governor which would be pressed first.
The trial, which will start March
4, will be confined to a hearing on
this indictment. The center of the
trial is the controversy in the entire
case against the governor.

The indictment contains thirteen
counts. It charges that McCray did
"unlawfully, knowingly, and felon-
iously, appropriate and convert to
his own use," \$155,000 of the money
of the state board of agriculture.

It also charges that he did "unlaw-
fully, knowingly and feloniously take

EIGHT WITNESSES CALLED

Grand Jury Investigation of Ply-
mouth Woman's Death

Plymouth, Ind., Feb. 13—Eight
witnesses were summoned today to
appear before the Marshall county
grand jury in the investigation of
the murder of Mrs. Frances Sweet,
83, whose body was found Sunday
beneath the foundation of a hen
house on the farm of her grandson,
Ray B. Smith.

The witnesses called were Mrs.
Margaret Smith, whose statement
that her husband shot his grand-
mother in the back two years ago,
and buried the body, caused Smith's
arrest; William Hooten, Harper Sick-
ler, Elmer Truax, Roy Ringer and
Alfred Ringer.

Hooten helped Smith lay the con-
crete foundation to the hen house
under which the body was found.

CALLED TO COURT THURSDAY

Petit Jurors Will Report to Hear
Note and Foreclosure Suit

"The petit jurors were called today
to report for a case in circuit court
Thursday, in which the New Salem
State Bank is plaintiff and William E.
Scott, defendant, the action being
on a note and to foreclose a mort-
gage."

The court also ordered the jury
commissioners to draw eight addi-
tional jurors to fill vacancies in the
regular panel that was drawn at the
beginning of the court term.

A suit filed by Fanny Stonecipher
against Ella M. Coon, a case on a
note for \$500 and to foreclose, was
dismissed in court today.

BIG WEEK END FOR RUSHVILLE YOUTH

Seven Indiana University Students
Coming to Put on Fellowship Cam-
paign Among Boys

SOMETHING ON EVERY MINUTE

Program Starts Friday Afternoon at
Three O'Clock And Lasts Until
Sunday Night

The personnel of the team of In-
diana university students coming to
Rushville for the Fellowship cam-
paign for the week end was announced
today. It is composed of seven I. U.
students who are active in the stu-
dent life of the state university.

The campaign will be among high
school boys, under the auspices of
the state Y. M. C. A., and is expected
to be the entering wedge for the or-
ganization of a H-Y club in the
Rushville high school.

The program will get under way
with a meeting in the high school as-
sembly Friday afternoon at three
o'clock and will not close until Sun-
day night at seven o'clock when a
mass meeting will be held at the Main
Street Christian church.

The Fellowship campaign team is
composed of Lorin Ashbaugh, John
Coleman, Kenneth Heaton, Mark
Hindsley, Arthur Headley, Frank
Kelso, William Peck and Glen Steek-
ley, all I. U. students, and R. J. Duke
in charge of H-Y club organization
for the state Y. M. C. A.

All of the state university students
are prominent in university life, five
of them having been members of the
Y. M. C. A. cabinet; three on the
varsity wrestling squad; one on the
cross-country team; three as mem-
bers of the university band; one as
student director and another as cor-
net soloist; three have had experience
as boys' recreation directors; one

MRS. FRANK WOOSTER IS DEAD AT ANDERSON

Death of Former Rushville Woman
Proves Shock to Friends and Rel-
atives Here

LEFT HERE 12 YEARS AGO

Word was received here this morn-
ing of the death of Mrs. Frank Woos-
ter, which occurred at her home in
Anderson, Tuesday night at 10:30 o'-
clock. The deceased had been ill for
the past two years, but her condi-
tion was not regarded as serious, and
the announcement this morning
proved to be a shock to her friends
and relatives in this city. Two years
ago she underwent an operation for
gall stones and since then had not
been in good health.

Mrs. Wooster was a former resi-
dent of this city, moving to Anderson
with her husband and family about
twelve years ago. She is survived by
the husband and five children, Frank
B. of Ohio, Pearl Gisinger of India-
napolis, Mrs. Mary Talmadge, An-
derson; Margaret Wooster of New
York and Miss Nellie Wooster of
Anderson; and two grandchildren;
besides a number of relatives by
marriage in this city. She was born
and reared in Missouri.

No word has been received here as
to the time of the funeral, but in all
probability the body will be brought
to this city for burial.

SCHOOL HEALTH WORK REVIEWED

Those Engaged in Promoting Child-
ren's Health Speak at Parent-
Teachers Meeting

RESULTS OF QUESTIONNAIRE

Principal of Graham Annex Shows
How Pupils Follow Health Rules
—Next Meeting March 11

"Health of School Children" was
the general topic discussed at the re-
gular meeting of the Parent-Teach-
ers' Association Tuesday evening
held in the assembly room of the
Graham high school building. Several
local citizens gave ten minute talks
on the subject, each stressing the im-
portance of good health among the
children.

In the absence of the president,
Judge Will M. Sparks, Eugene But-
ler, principal of the high school, pre-
sided over the meeting, and the pro-
gram opened with the reading of the
minutes of the last meeting by the
secretary, Earl Chamberlain, who an-
nounced that there are now ninety-
two members enrolled.

Mrs. Charles Wilson gave the in-
troductory speech, her subject being
"Why We Seek to Promote Health." She
pointed out that the people of the
city and also state are awakening to
a new era, that of realizing the im-
portance of health. Healthy children,
she stated, are an asset to the state
and the improved laws and better
understanding of conditions, are aids
to promoting health.

Miss Mary Hollowell, the school
nurse, gave a review of her work
among the children and complimented
the teachers of the different schools
on their cooperation with her in pro-
moting the Health Crusade work in
the schools. She also pointed out that
she was in favor of serving milk in
the lower grades of the schools, but
the Woman's Council has not yet de-
finitely decided as to whether they can
finance the proposition this year.
They proposed that parents, who are
financially able, contribute to the
fund, but nothing definite has been
decided.

Miss Carolyn Meredith, principal
of the Graham Annex building, gave
the results of a questionnaire given
the fourth, fifth and sixth grades.
The questions asked the children
were: What is usually eaten for
breakfast? What time do you retire?
What time do you arise? The results
obtained were fairly good. One hun-
dred were enrolled in these three
classes and ninety-six were present
the day the questions were given out.
Seventy-four percent received nutri-
tious food for breakfast, leaving
twenty-six percent who did not; 52
percent received sufficient sleep and
48 percent did not. In these three
rooms fifteen girls and ten boys
drank coffee or tea for breakfast
and thirty girls and five boys were
underweight. She also stated that

VOCATIONAL CLASSES TO GIVE POULTRY SHOW

Freshmen and Sophomores of Ma-
nilla Plan Educational Exhibit
Next Saturday

IS ONLY ONE OF ITS KIND

A poultry variety show, the second
of its kind ever held, will be given by
the freshmen and sophomore voca-
tional classes of the Manilla high
school Saturday from 9:30 a. m. to
6:30 p. m. in the vacant room in the
Mull block in Manilla.

There will be no competition for
prizes as its purpose is educational—
to acquaint the public with the many
varieties of color, form, combs and
plumage variations. There will be
talks by members of the class in
poultry and a minstrel show at two
o'clock. The junior and senior classes
of the high school will also hold an
exhibit of their mechanical drawing
work.

A similar show was given two
years ago and was then said by the
agricultural department of Purdue
university to have been the first of
its kind ever given in Indiana.

Over forty varieties of poultry will
be exhibited in the show.

fruit, cereal, eggs or bacon, toast,
cocoa or milk, water.

Dr. J. M. Lee, the school physician,
gave a review of his work, and
stated there was splendid cooperation
between the teachers and himself. He
said that the three years he has been
the school doctor, good results have
been obtained. At the beginning of the
school year all the children are thor-
oughly examined for defective
throats, eyes, ears, teeth, and skin.
He also stressed the necessity of
good ventilation and lighting in the
school room. He warned against par-
ents sending sick children to school
stating that it was a good way to
prevent epidemics. Referring to the
measles epidemic in this city, Dr.
Lee stated it was through the care-
lessness of certain people. He urged
that each child at the beginning of
the school be examined and vaccinat-
ed, to guard against disease.

Miss Helen Gray, accompanied on
the piano by Miss Brenda Kinsinger
sang two beautiful solos, "Marchita"
and "Kiss Me Again," the selections
being well received.

Kennard Allen, optometrist, and
Dr. Carl Behr, dentist, gave "short
talks on the care of the eyes" and
teeth. Mr. Allen illustrated his talk
with three diagrams, one represent-
ing the normal eye, one the near-
sighted eye and one the far-sighted
eye. He stated that one-third of the
children have defective eye-sight and
te parents and teachers should ob-
serve closely the children to detect
eye trouble, so that they may receive
immediate attention.

Dr. Behr stated that lack of
cleanliness and improper diet were
the main causes for defective teeth.
He urged parents to take good care
of the child's temporary teeth, as
they will insure healthy permanent
teeth. He urged the use of the X-ray
for the examination of teeth.

The meeting closed with an illus-
trated talk on "Physiology and
Health" by Albert Cotton, the phys-
ical director of the school.

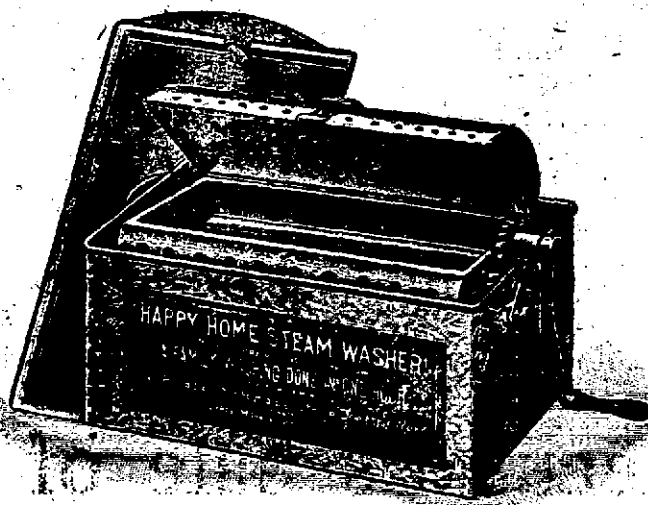

The next meeting of the associa-
tion will meet March 11, and an ap-
propriate program is being planned
for this meeting. In all probability
Mrs. Guy Waggoner of Knightsdown
will be present at this meeting and
will give a talk.

The Greatest Labor Saver Ever
Invented For Women

No Home Complete Without It

12 to 17 Sheets Washed at One Time

A Washing in One Hour

No labor, no rubbing, no wash board or chemicals used. Any 12-year-
old child can operate the Happy Home Washing Machine. Works
exactly like the large commercial laundry machines in the cities. It
is a veritable little laundry machine made small enough for use in your
homes. Large enough for any private family or hotel.

While it only weighs 25 pounds, and only uses 4 gallons of water—
think of the saving in carrying and heating water by using The Happy
Home! It can be used on any cook stove or hot plate; it will wash
more clothes at one time than any single tub washer made for family
use, washing from 12 to 17 sheets at one cylinder full. It does away
with the WASHBOARD and BOILER and washes anything from the
finest lace curtains, feather pillows, blankets, quilts, comforts to the
dirtiest rag rugs and overalls.

American Legion Post Trying to Book "Powder River"

An effort is being made by officers of Rush Post 150, American Legion, to bring a great motion picture film to this city in the near future. It is entitled, "Powder River," and is an interesting story, with a plot woven into the World War. Actual battle scenes which were taken in the midst of the war by the United States Signal Corps, are depicted.
These views are unusual, and have only recently been released. The showing of this picture was made recently in Indianapolis, and if enough interest can be displayed here, an attempt will be made to secure a booking on the spectacle, which is declared to surpass anything of its kind, showing actual warfare and hostilities, together with a beautiful plot.

SILVER EAGLE IS SHOT

Leesburg, Ind., Feb. 13—A web-footed silver eagle was shot by F. W. Ringenberg, a farmer near here. The bird had swooped down on the Ringenberg farm and was about to attack a chicken when brought to earth with a bullet. It is the first bird of this species seen in north-central Indiana in many years.

MAKES FAT PEOPLE SLIM!

Many of your friends think that you are too fat. You too realize it. But why, in all common sense, don't you get rid of that extra 10, 20, 30 or more pounds? Feel comfortable and more like a human being again. I am a physician licensed by the State of New York. I have for years treated men and women overburdened with excessive flesh; many have reduced as much as a pound a day. I prescribe my patients such treatment as will, in my opinion, produce not only the loss of weight without harm, but an improvement in health. Don't take my word for it. Let me send you free my trial treatment and convince yourself. Personal attention is given to each case and you are treated exactly as if you were in my office.

FREE TRIAL TREATMENT AND INTERESTING BOOKLET
I have successfully treated thousands of patients for fat reduction. Without Change of Diet or Unnecessary Exercise. Below are a few extracts of letters from grateful patients which bear out my statements:

Lost 76 Pounds. Miss O. Whitely writes: "I have lost 76 pounds as a result of your treatment and now feel so much better than I did now."
Lost 70 Pounds. Mr. S. Smith writes: "I have lost 70 pounds as a result of taking your treatment. I feel better in every way. I can now do long walks without becoming tired or short of breath. I thank you very much for what you have done for me."
Lost 48 Pounds. Mrs. E. Horner writes: "Well, I feel like to inform you that I have lost 48 pounds in 6 weeks."
Make up your mind this very day to get rid of that fat. Write me for my free trial treatment now; then you'll soon realize how happy you'll feel, how much better your health will be for having joined the thousands of my grateful patients who now belong to the ranks of Slim People. Don't delay. Write now for Free Trial Treatment.

Oil Inquiry Reaction

"It's about time we were having a house-cleaning at Washington. We ought to throw them all out."

This remark by a man the other day represents the average reaction to the oil naval reserve lease investigation that started in the senate as an inquiry of good intentions, but has degenerated into a political fishing party with each party fishing for an advantage.

If any wrong-doing is discovered by the impartial investigation begun by the president through two attorneys of recognized standing, and the guilty are brought to justice, it is doubtful if even that accomplishment will offset the harm that has been done by the senatorial investigation.

The charges and counter charges that have been made have served to weaken the confidence of the man in the street in public officials. He who does not stop to think but arrives at the hasty conclusion that all men in public office are crooks and should be driven out.

We can't scrutinize the acts of office holders too closely, but we should not judge them until the facts are all heard. An investigation by a partisan senatorial committee can't be depended upon to bring out all the facts.

We held no brief for the secretary of the navy, but he was obedient to the will of congress when he executed the agreements with the Mammoth Oil Company and the Pan-American Petroleum and Transport company.

The congress expressly provided, under date of June 4, 1920, that the secretary of the navy should take possession of all oil properties within the naval petroleum reserves, "to conserve, develop, use and operate the same in his discretion, directly or by contract, lease or otherwise, and to use, store, exchange or sell the oil and gas products thereof, and those from all oil royalty lands in the naval reserves, for the benefit of the United States."

The naval secretary says that he was convinced that the naval oil lands under discussion, totalling 51,623 acres, were being drained by privately-owned wells adjoining these reserves. His conviction was based on reports of government and other experts.

Their Prayer Was Heard!

Abraham Lincoln had been assassinated! Citizens of Bloomington, Ill., who had known him when he was a young lawyer and later when he was campaigning for the Senate, gathered in mass meeting to voice their horror over his tragic death. "A Life for a Life," they demanded when John Wilkes Booth's name was mentioned. Similar gatherings were held in every city of any consequence throughout the nation. But as far as can be ascertained, this picture, hanging today in the Bloomington Public Library, is the only photographic evidence that yet remains of any of them.

the secretary. He could do nothing and guard what would have been ultimately drained of its riches, if the reports of experts were to be believed; government drilling which was impractical; or lease the right to drill under proper restrictions to private enterprise. He chose the latter course, the wisdom of which only a careful and wholly unbiased investigation will determine.

The naval secretary has been censured for recommending the transfer of the naval oil reserve lands to the department of the interior. His answer is that the interior department has under its jurisdiction 17,622,500 acres of public oil lands already leased to private enterprises, and that in keeping with the policy of the government to co-ordinate all of its activities, he deemed it the wisest course to place the department of the interior in charge of all oil lands.

People slow to form an opinion until the evidence is all in, will welcome a thoughtful and patriotic inquiry into all of these transactions, because the reckless charges that have been made are a challenge to the integrity of American public men.

Streets For Coasting

Mayor Thomas is to be commended for the interest he has shown in Rushville children, by ordering the Perkins street hill blocked for traffic, at every opportunity, so that the youngsters may enjoy coasting.

Closing one block of the street to vehicles serves a double purpose—it not only provides a way for boys and girls to enjoy a youthful pastime that is almost extinct, but it occupies their time so that they will not engage in the dangerous business of hitching their steeds on the back end of automobiles and endanger their lives.

Taking some interest in the welfare of those who will be in charge of affairs in Rushville in two decades is not wasted time. Giving them better opportunities for healthful play so that they can develop normally is serving the next generation more than anyone may realize.

Closing a street to traffic for boys and girls shows the changed attitude in this respect. There was a time when their right to play was not generally recognized. Now few challenge it.

Opportunities to enjoy the exhilarating sport have been rare, until this winter, and it is fortunate that Rushville has a mayor who has the viewpoint of the youngster and is willing to make an effort to meet their needs.

SAFETY SAM

Down at the garage last night, the gang agreed it's likely that Uncle Sam'll find, if he investigates far enough, that John D. in his competitors' finger o' gas so high we can't buy enough to drive over many rail crossins'.

Horses Fed Right Live Longer

The Veterinarian's Recommendation

Horse Owner—Doctor, there's something the matter with this horse, he's no good for work anymore.

Veterinary—How long have you worked him?

Horse Owner—About six years.

Veterinary—He's all shot to pieces.

Horse Owner—I guess it was the hard roads.

Veterinary—No, you're wrong. The trouble with this horse is he hasn't been fed right. He's been fed a monotonous diet of oats and corn with hay, which fails to supply a work animal with a sufficient variety of diet to keep him in good shape. If you feed this horse right from now on you'll get a lot more service out of him.

City horses, because they are fed a monotonous diet and never get any green pasture, are generally out of service at 7 or 8 years of age. Horses that are fed right often live to 30 years of age.

I recommend Purina O-Molene because the variety of foodstuff in this well known horse feed is put there to keep them in good working condition. It is a complete ration. Horses thrive on it. They produce more work and live longer on O-Molene. Put your horse on O-Molene feed and watch the excellent results in only a few weeks.

HITTIN' 'EM AND MISSIN' 'EM

TWO STARS ON THE DEFENSE

The battle ground of the defense for the Rushville high basketball team lies in two real guards—Earl McNamara at floor guard and Frank Conella at back guard. These two players are main cogs in the machinery that has won games for the Lions. A team without a defense doesn't win games. The real test for a defensive team will come Friday night when Richmond plays here, and these two guards will have their hands full with the visiting team. Morton of Richmond has a new style of play in which their center drops to back guard, with the team really having two floor guards, and which accounts for the Richmond back guard making most of the scores. These two Rushville players are going to turn the trick on the visitors.

COMELLA

McNAMARA

These two mainstays in the guarding positions, will be Rushville's high hopes next year. Neither one graduates, and the team for next year will be built around them, which is surely a good foundation and with the rest of the available material the prospects run high. While these two players are experts on the defense, they also are no mean shots at the basket. McNamara, for instance, has scored 43 field goals this year, and tossed in 15 foul baskets. Then Conella in his position at back guard, comes to bat with a record of 31 goals from the field and 9 baskets from foul goals, during the season. These two players can go into the game to count a victory and usually make good, and here is hoping that Friday Richmond will get a back seat, and take a tumble down the Big Ten ladder.

MILROY AT GREENSBURG

Milroy plays at Greensburg Thursday night. The game was changed from Friday, as the team and some of the fans down that way wanted to come here to see the Rushville-Richmond game on Friday.

WATCH MILROY IN THE SECTIONAL TOURNAMENT, is a warning that is broadcasted from that vicinity.

Richmond may expect to start subs in the game here Friday night, in order to save their best for the Bedford game on Saturday night. Hittin' 'em will bet that they will bring in their regulars, with Price and Eubanks at forward; Johanning at center; Kessler and Rizzo at guards.

How Richmond Turns The Trick

Richmond has a trick combination that they expect to spring here, and which accounted for a victory at Columbus last week. They changed their style of play between halves. The following account of it, appearing in the Richmond Palladium, may be of interest:

Muey kept the Morton crew in the lead during the first half and Rizzo kept it up during the second half. Muey counted four times in the first half then gave way to Price, who played through the last season. Captain John Rizzo saved his scoring until needed then rushed six field goals through the hoop.

The system of using Johanning at center then switch to backguard after the tip-off is proving more effective each game for Coach Little's team. As it is, Kessler and Rizzo are two floorguards for Morton. There is no such thing as a center, unless Johanning would be considered such when he advances down the

floor for an occasional shot from midway.

With two fighting, speedy floorguards, Morton is proving more efficient each game. Well enough for such improvement, for the team will face its supreme test of the 1923-24 season here Saturday night against Bedford.

Let's break up the play, and shove the playhouse over, what do you say, Lions?

HERE IS MILROY'S RECORD

That word of warning to watch Milroy in the sectional can be based upon the following statistics of the Milroy team this year. In the first nine games played, when Milroy appeared about as weak as Podunk, they lost 8 games. Up to date they have played 21 games, and scored 645 points, regardless of the poor start. Their opponents have scored 511 points. In the last 12 games since Christmas, when their new players took positions, they have won ten of the games, and scored 442 points, to their opponents 250 points. They have averaged in the games since Christmas of scoring 37 points a game, and their opponents 203 points. So Milroy isn't counted out in the sectional race—not by a big sight.

Glover, the center for Carthage, who got a fractured arm in the county tourney here, was not in the big play at the Carthage tourney, or else some of those scores might have been different. The Carthage center is recovering and expects to get back in shape to take part in the sectional, and here is hoping that he makes the recovery.

Harrington has been lost to the Columbus Bull Dogs for some reason or other, and this player was one of the shining lights for his team, holding down the job at center. Tough time to lose a player, and we're going to knock on wood.

ELIGIBILITY LISTS ARE DUE FEBRUARY 20

All Girls Teams Desiring to Enter
County Tournament Urged to
Send Acceptances

AT GRAHAM ANNEX FEB. 23

All schools desiring to participate in the Rush county girls' tournament for high schools, are urged to send in their acceptances at once, as the eligibility lists are due February 20. The tourney, which will be the first of its kind to be held in this part of the state, will be held at the Graham Annex gymnasium, Saturday, February 23.

All teams of the county are invited to enter the all day tourney, and a special invitation has also been extended the Orange and Fairview teams of Fayette county, as these towns are on the county line, and many of the students reside in Rush county.

The following teams will most likely enter the tourney: Milroy, Moscow, New Salem, Webb, Carthage, Orange, Fairview, Arlington, and perhaps Raleigh and Center. A cup will be given to the winning team. The eligibility lists and acceptances should be sent to either Grant Cooper, New Salem principal or W. V. Klipsch, Webb principal, as these two men have been picked to act as managers for the tourney.

KNOTTY PROBLEMS IN BASKETBALL

The Republican has arranged with the Joint Basketball Rules Committee, which promulgates annually the amateur rules governing the game, to answer all questions regarding interpretation of the playing rules. Readers desiring information on any problems which may have arisen during a game can have their questions answered officially by addressing the Joint Basketball Rules Committee, care of this paper. Enclose a self-addressed, 2-cent stamped envelope for direct reply.

Ques: A player receives a pass while he is in the air with both feet off the floor. After he comes to the floor with the ball, how many steps is he allowed in getting rid of it? Ans: The rules do not state exactly how many steps may be taken when a player who is in motion receives the ball, but he must stop or get rid of the ball as soon as possible. There are so many different situations possible under this heading that the rules direct the officials to use their judgment.

Ques: The referee called a violation on a player. The latter was fouled by an opponent immediately after the violation was called. The referee disregarded the violation and permitted the player to try for two free goals. The game was protested because the referee disregarded the violation. Ans: The referee was correct in disregarding the violation, but if the case is described accurately, only one free throw should have been awarded because the ball was dead when the foul was called and was not in the possession of the offended player in his own goal zone.

Ques: When the ball is out of bounds, can any player stand inside the three-foot line and receive a pass from out of bounds if he is more than three feet from the player passing it in? Ans: Yes, The line mentioned in Rule 10, Sec. 1, Note, is a restraining line for players directly in front of the player who is passing the ball in, but players farther away may be inside this line.

Ques: Two players, A and B, are jumping for the ball throw up between them near A's basket. A taps the ball into his basket on the jump, and at the same time B violates the jumping rule by taking his hand from behind his back before the ball is tapped. What is the decision? Ans: The goal counts and the violation is not penalized, the ball going to center. The ball would be in the air on this play when the whistle blows. This is covered by Rule 7, Sec. 7, Note.

Ques: In the preceding play, what would be the decision if A violated the jumping rule as he tapped the ball into the basket, and B jumped legally? Ans: The goal would not count and the ball would be given to center out of bounds. This is covered by the same rule.

so Hittin' 'em wants to extend hearty wish for a happy Valentine Day, and may he enjoy many more of 'em.

Horse Sense Needed

By HENRY L. FARRELL
(United Press Sports Editor)

New York, February 13—Nothing is more practical than the application of good, old fashioned horse sense to correct the fancied actual ills that are found occasionally or often in various lines of sport.

Much is heard of the sad fate that is waiting for football just around the corner if that immensely popular sport does not follow different paths. Sage professors, heavy thinking grads and serious minded reformers think that by legislation and by conference forms of agreement, any leaning toward professionalism can be curbed and that pure standards of ethics can be maintained.

It is a well known fact that if there is a will to get around rules, the most drastic and the tightest code of morals and ethics can be created. No set of rules, on the other hand, need be applied when there is a will to do the right thing.

This point was well illustrated recently. Charley Moran, for many years coach of football at Centre College, resigned and accepted a po-

sition in the same capacity at Bucknell.

Several of the Centre stars decided that they would go along with Moran and enter Bucknell. Centre didn't like the idea, of course, and the purists cast some reflection on football in general.

Legally and ethically, nothing could stop those young men from transferring along with their former coach. As long as they complied with the eligibility rules as they are applied to period of residence and confirmation with scholastic requirements they were eligible candidates.

Moran stopped it, however, by telling the players that he could not stop them from the pursuit of knowledge at Bucknell, but he could prevent them from the exercise of their athletic ability and while they might be accepted as occupants of chairs in the lecture halls, they would not be allowed to play for him on the football field.

The young men decided to remain at Centre.

Guinea Fowls Good Guardians. In England a pair of guinea fowls can be purchased for the price of a dog license and are considered more effective than dogs in giving alarm at night in case of marauders.

FIGHTS AND FIGHTERS

Philadelphia—Nate Goldman, local lightweight, won the judges' decision over Ted Merchant, England, in 10 rounds. Goldman failed to show the class he displayed on New Year's day when he conquered Lew Tender and a crowd of 6,000 booed the decision. Tenny Ross, Pittsburgh, punched his way to victory over Artie McCann, Philadelphia, in an eight round go.

East Chicago—Ernie Goozeman, Milwaukee featherweight, won from Eddie Shea, Chicago, in 10 rounds. Jack Kane, Chicago, was given a shade over Jimmy Muzzie, Milwaukee 10 rounds, Mickey Kramer of St. Louis defeated Steve Adams, Chicago in the eight round opener.

New York—Lew Raymond, New York matchmaker, announced that Luis Firpo had accepted his offer of \$250,000 in cash and 25 percent of the motion picture rights to meet Harry Wills, negro heavyweight.

NOW A LOWLY EXTRA

New York, Feb. 13—Flora Finch, once a great comedian in American filmdom, is working as a lowly extra in a Long Island studio. The woman who made millions when she worked opposite the late John Barrymore, has an engagement for a couple of days and her salary is not likely to be more than \$15 a day.

Sincerity.

Jud Tunkins says it's impossible to be absolutely sincere all the time, otherwise you'd often have to think up something besides "Dear Sir" in starting a letter.

SHOOT IS SET FOR SATURDAY

Changed From Mid-Week Date Used in Recent Events

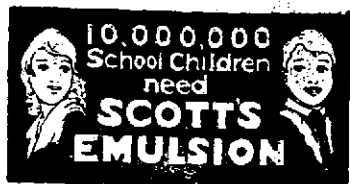

The sportsmen of this vicinity will hold another all day shoot in Rushville this week, and the affair will be held on Saturday instead of the regular mid-week shoot that has been held in the past few weeks.

The shooting on Saturday will begin at 9 o'clock in the morning and continue all day, and shooters from all sections of the county are urged to attend. The pairings will be made in accordance with the experience of the shooters, and in this way, the weaker shooters will be pitted against those in their own class. The affair will be held at the Harrie Jones farm, just south of Rushville and lunch will be served at noon.

Mrs. Ben Humes will entertain the members of her card club Friday afternoon at her home south of the city.

The regular meeting of the Delphian Society will be held Friday afternoon at the Elks club room. Mrs. Louis Lambert will be the leader of the program.

The Sons of Veterans Auxiliary held their regular meeting Tuesday afternoon in the G. A. R. room of the court house. They celebrated Lincoln's birthday with an appropriate program.

Mr. and Mrs. Clarence Carpenter and daughter Lou Eris entertained Sunday evening at their home in this city with a dinner party. Their guests were Mr. and Mrs. Fred Hite, and Miss Ollie Hite of Indianapolis.

The Sannanah, a social organization among the girls of the high school, was delightfully entertained Monday evening at the home of Miss Margaret Giffin in North Harrison street. An informal social evening was enjoyed and delicious refreshments were served.

Miss Frone Alexander, soprano, of Sunman, Ind.; Dudley Campbell, violinist, of Indianapolis; Miss Mae Taylor, pianist; and Miss Lavienna Compton, reader, both of this city, will give an entertainment in the auditorium of the new school building at Hagerstown this evening at eight o'clock.

The meeting of the Woman's Home Missionary Society of the St. Paul's Methodist Episcopal church, has been changed from the home of Mrs. A. L. Aldridge in North Perkins street to the parlors of the church, Thursday afternoon. An interesting program has been prepared and Mrs. George Davis will be the leader.

The meeting of the Pastor's Aid Society of the Main Street Christian church opened Tuesday afternoon with the singing of "America" and the devotional period led by Mrs. Edith Newhouse. Mrs. C. E. Walden sang three beautiful solos and Mrs. John Swain entertained the guests with two readings. During the social hour the ladies of Mrs. Harry Spark's section served delicious refreshments.

Mrs. Mary Ruhlman was hostess Tuesday evening to the members of the Always Present Class of the Main Street Christian church at her home in North Willow street. The meeting opened with a short business session followed by an informal social period and the serving of dainty refreshments. The next meeting of the class will be held February 26, at the home of Mrs. Beulah Holbrook in North Harrison street.

Approximately forty dollars was cleared at the charity card party given by the Tri Kappa sorority Tuesday afternoon at the Elks Club rooms. Twenty-five tables of bridge and five hundred were in session during the afternoon. The club rooms were approximately decorated for the occasion in Valentine suggestions. At the conclusion of the card games, dainty refreshments were served. The proceeds from the party will be used for the benefit of the Child Welfare Association of the county.

The Loyal Daughters Sunday school class of the Main Street Christian church was delightfully entertained Tuesday evening at the home of Mrs. Glen Moore in East Sixth street. The program opened with the

A Word To Women

A hundred and twenty-one thousand women would comprise a vast army. Yet a canvass was recently made among more than that number of women who had used Lydia E. Pinkham's Vegetable Compound for feminine ailments. The result proved that ninety-eight out of every hundred reported benefit from its use. This is most remarkable evidence of the power of Lydia E. Pinkham's Vegetable Compound over the ills of womanhood, and should influence every sick and ailing woman to try it.

business session followed by talks on the Sunday school lesson by four members of the class. Those present enjoyed a contest on Abraham Lincoln, which furnished much amusement. The meeting closed with the serving of delicious refreshments to the guests by the hostess. The next meeting of the class will be held the second Tuesday night in March at the home of Mrs. John Nipp in North Main street.

The Misses Margaret O'Neal and Ruby Morgan entertained with a Valentine party Tuesday evening at the home of Miss O'Neal's sister, Mrs. Bert Osborne, living south of the city. Thirty-four guests were present, including the Juniors and the Seniors of the Webb high school, and a few invited guests. The evening was enjoyed with contests, music and dancing and refreshments of sandwiches, salad and cocoa were served at the conclusion of the evening.

Mrs. Barbara Bates entertained with a dinner party today at noon at her home in West Tenth street. Her guests included the Rev. and Mrs. R. W. Sage, Mrs. Sage's mother, and Mr. and Mrs. Proctor, the singing evangelists, who are assisting in the revival services being held at the First Baptist church.

There will be a regular meeting of the Psi Iota Xi sorority tonight at

"His Children's Children"
A picture with a wide range of scene and a story of great human interest is "His Children's Children." Sam Wood's Paramount screen version of Arthur Train's successful novel which will be shown at the Princess theatre today and Thursday. The cast is an extraordinary one and among the featured players are Bebe Daniels, Dorothy Mackaill, James Reenie and George Fawcett. The principal supporting players include Mahlen Hamilton, Warner Oland, John Davidson and Joe Barke.

The story, which deals with the foibles of modern society life, high finance and parental neglect of children, gives wide scope for sympathetic and picturesque treatment. Scenes in the picture range from Wall street to the Denver freight yards with many others, including

Long Island homes, English mansion, Broadway cafes, subways, elevated roads, beaches, Greenwich Village and Long Island hunting lodges. Director Wood asserts that the picture gives a more complete view of New York City and its life as a background for the gripping story than any production ever filmed.

He Realized the Value of a Dollar

Lincoln, especially in early life, had to work hard for his money, a circumstance which impressed him with the value of a Dollar.

Instead of spending it for some unnecessary pleasure he put it in the Bank, where it earned money for him.

You can well afford to profit by this worthy example and start a Savings Account with this strong Bank, where your money will earn 4% Interest, yet be ready for you at any time you may need it.

Read What Others Say About Our Pocahontas Coal

"As long as I can get that kind of Pocahontas coal, I will never buy any other for my furnace."

"You will never have to apologize for selling a man that coal."

"Two tons of this coal will go as far as three tons of other coal."

These are a few of the many compliments we have heard on our Pocahontas lump coal.

DO YOU WONDER?

Asks This Lady, "That I'm a Believer in Cardui?"—Had Been So Weak She Had to Go to Bed.

Oswatimie, Kans.—Mrs. E. E. Keast formerly of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a bad sick spell."

"I got so weak I couldn't go. I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything; had the best of attention, yet I wasn't able to get up I lay for three months, not able to do anything."

"My husband is a bill poster and has circulars distributed. One day these came to be a Ladies Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui."

"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months."

"I kept it up and continued to improve, until I was a well woman."

"Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better medicine for women than Cardui."
